Point of Contact

OPEN & CLEAR CHANNEL ___ YOU!

PREPARE TO RECEIVE

The whole Kingdom of Life is being held out to you and all others at all points of your experience, in other words, at all times.

BE AN EXAMPLE

Nothing is withheld in the total experience of Life, in the whole of the Cosmos. But, man, on this planet, in his ignorance and vanity, thinks he is sufficient unto himself, and will most of the time, not even accept the Truth that there is anything beyond this plane because those who are not able to see with the inner eyes and hear with the inner ears, only have the physical to experience and they need your example to follow.

HUMAN CHANNELS NEEDED

The Father's Love reaches out to them but, because of free will, He cannot intercede. He needs a human channel to work through to reach most on this plane, not to try to force your beliefs on others, but to live the life of Love and True Understanding.

KINGDOM OF HEAVEN

As you, and many life you, become an open, clear, clean channel for the Higher Realms of Divine Love and Light to work through, the Kingdom of Heaven can be established on this planet. The veil will be rent asunder disclosing the Upper Realms and the Light of Divine Truth will banish all darkness and man will know the Truth and be free of the ignorance that fear has held him in bondage for so long.

BE POSITIVE AND LOVING

As you learn to use your point of contact, remember to always be positive with a feeling of Love and gratitude. These are the power forces used on the inner dimensions, just as we use electricity on the physical realm. The type of thought or feeling you are having sometimes determines the level, higher or lower, that you reach.

KEEP A BRIGHT, SHINY COUNTENANCE

Remember also, before making your point of contact, to ask the Father to cleanse you of all past negation and see your countenance as bright and shiny.

THE LITTLE THINGS COUNT

These seemingly little things make a large difference in your success in learning to be an open, clear, clean channel and have conscious communication with your loved ones on the inner dimensions.
