TAPPING THE SOURCE

FULFILLMENT THE GOAL FOR ALL

Life seeks itself and is fulfilled in itself.

As you move from a limited concept of yourself and Life into the understanding of the ocean of infinite possibilities, possible through your belief in yourself as an infinite being with unlimited resources, and the True Eternal nature of your being, you realize your oneness with all Creation.

As the Light dawns clear in your consciousness you know that all life is Divine and Eternal. On the lower dimensions of illusion, the reflection, or the appearance of life is continuously changing, moving from what it seems to be, back to the Source.

You, as an Eternal Divine being, learn to identify with the Reality of the Divinity you are, and you are fulfilled.

It is only when we forget who we are that we feel lack. The constant bombardment of the seeming presence of the outer physical, limited, time, space, illusion, gives us the opportunity to keep alive the Realization of our inner Reality, the Divine Being that we are, always have been and always will be.

To be filled full of the Light of Eternal understanding, we, keep the eye turned inward to the True Reality, all the while maintaining the role we are playing on the physical plane.

The difference is that we play the role we have chosen with understanding, not getting caught up in the illusionary fear drama of the lower levels.

Keeping the consciousness High while playing the role is a great challenge. But it is precisely what we came into the physical to learn to do so that we can Truly be free, by maintaining the True understanding under any and all circumstances until it becomes a habit so strong that we automatically know the Truth under any and all that the world of illusion can throw at us.

I remind you of one who said "Forgive them Father, for they know not what they do". You may not be called upon to forgive the destruction of your physical body, but to be free, you must be in that state of consciousness, where you can.

Fear is the only problem on this plane and it would seem that fear of losing the physical vehicle is one of the largest fears.

You eliminate this fear by knowing that you are not the body or the mind; you are an Eternal Being and cannot be destroyed. You automatically know this when you are filled full of the Eternal Light of understanding that sets you free to experience the blissful Ecstasy, that state of consciousness that is waiting for you in the many mansions.

AFFIRMATION

I AM NOW FILLED FULL OF THE LIGHT OF ETERNAL UNDERSTANDING AND LOVE DIVINE, THAT FREES ME FOREVER FROM THE ILLUSIONS OF THIS LOWER LEVEL. FOR I NOW SEE THAT FEEDING THE SOUL WITH THIS INNER SUBSTANCE OF HIGHER VIBRATION IS THE ONLY SUSTAINING SATISFACTION THAT FULFILLS ME ON ALL LEVELS OF THIS BEING THAT I AM.

I RISE ON THE WINGS OF DIVINE LOVE WITH THE MUSIC OF THE SPHERES FILLING THESE EARS, AWARE OF THE BLISSFUL JOY THAT FILLS THIS HEART WITH FULL MEASURE PRESSED DOWN AND OVERFLOWING.
